This timepiece has rare olive ash burl veneers, which include random wood grain and knots, characteristic of this type of wood grain, hand-painted gold decorations on the case, glass sides, and a mirrored back that reveals the movement, and a brass-finished dial offering a silver chapter ring.

CHIMES: High-precision, key-wound, triple-chime movement plays choice of Westminster, St. Michael, or Whittington 1/4, 1/2, and 3/4 chimes accordingly with full chime and strike on the hour. Use the chime silence option to place anywhere in the house.

MOVEMENT: It is powered by key-wound, triple-chime movement. An industry-exclusive dual-ratchet winding arbor ensures safe movement winding. Made in the USA.
