

**Timeless Timepiece:** It's the rare timepiece that exhibits such sensibility as this antique wall clock. Its beauty is undeniable, from its Windsor Cherry tone to its exquisite detailing. It's designed with pure functionality in mind, featuring a barometer, hygrometer, thermometer, and seconds track.

**To Tell the Time:** Both dials on this chiming wall clock are finished in striking off-white, providing the perfect contrast to the rich overall hue. Black numerals and hands ensure easy legibility, while the barometer's dial offers a red hand. At the front is a door that provides easy access to the lower dial. This traditional wall clock with pendulum finished in brass features a distinctive oval cutout at the bottom, from which the shiny accent is visible. Safely wind the movement thanks to an exclusive dual-ratchet winding arbor.

**Precision Movement:** The seconds track requires one AA battery. A high-precision, key-wound, Westminster chime movement plays 1/4, 1/2, and 3/4 chimes accordingly, with full chime and strike on the hour. A chime silence option is provided.

**Howard Miller:** Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
