

**Old-World Beauty:** An antique wall clock as exquisite as this is sure to stand out in any space, be it the home or the workplace. Perfect for both traditional and transitional space, it's finished in Windsor Cherry and features a flat-top pediment accented with olive ash burl corner overlays. At the bottom, the sculpted design accents the hinged door for a flawless overall design.

**In the Details:** A traditional wall clock with a pendulum is a beautiful accent for any room. The contrasting off-white dial stands out with black Arabic numerals, along with black serpentine hour and minute hands. The pendulum is finished in brass, with a matching bezel adding a touch of warmth and shine to the chiming wall clock's design. Safely wind the movement thanks to an exclusive dual-ratchet winding arbor.

**Precision Movement:** A high-precision, key-wound, Westminster chime movement plays 1/4, 1/2, and 3/4 chimes accordingly, with full chime and strike on the hour. A chime silence option is provided.
