

An undeniable sense of sophistication lends this small wall clock timeless charm. It evokes all of the quality you expect of a masterfully designed timepiece, what with its durable materials, attention to detail, and immaculate workmanship. The versatile color alone makes it an appealing option for any classically-designed space, be it the home or the workplace.

**Attention to Detail:** Featuring Tuscany Cherry hardwood, this gently curved clock is a study in precision. The uniquely carved accents along the sides, along with the turned urn finial, lend it unparalleled style. The dial features an aged, old-world finish that allows the black Roman numerals and decorative black hands to stand out. Below is a wooden stick pendulum that shines thanks to its antique brass-finished spun bob.

**Practical Extras:** The clock is not only a visual masterpiece, but also a thoughtfully designed accessory offering important elements like volume control, an automatic chiming shut-off option for the overnight hours, and automatic volume reduction for nighttime.

**Quartz Movement:** Quartz movement requires two C batteries and includes dual-chime movement that plays full Ave Maria or Westminster chimes with strike on the hour. Option 4/4 chime feature plays 1/4, 1/2, and 3/4 chimes.

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
