

Gentle curves convey a sense of understated elegance on this wooden mantel clock. From its warm hue to its old-world appearance, it's a natural complement to any traditional space, be it the fireplace over which it presides in the living room or the home office where it lends a touch of classic charm.

Classic Workmanship: Oak Yorkshire wood transforms this classic tambour mantel clock into a true masterpiece. Along the base is a beaded dentil molding, which nicely accents the carved scrolls that grace the sides and the front panel with burl veneer. Contributing to its antique appearance is a dial boasting an aged finish, along with black Arabic numerals and matching black serpentine hands. The dial is shielded by a convex glass crystal.

Chime Movement: This clock uses a quartz, dual-chime, Westminster or Ave Maria chime movement with strike on the hour, featuring an optional 4/4 chime feature and playing 1/4, 1/2, and 3/4 chimes with full chime and strike by the hour.

Enhanced Features: Include volume control, automatic nighttime volume reduction option, and automatic nighttime chime shut-off option.

Quartz Movement: Quartz movement two C sized batteries.

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
