

Grace your home with the Candice wooden mantel clock. The cherry wood finish and brass details impart timeless elegance to this functional home accent piece.

Hardwood Construction: This distinguished clock is crafted from select hardwoods with veneers for durability and an upscale appearance. It has an Americana Cherry finish for traditional style that goes with almost any furniture and an elegant burl adds a touch of luxury to the front and top panels.

Brass Accents: The brass-finish bezel and pendulum have a highly polished finish to complement the wood. Black Arabic numerals and hands contrast with the off-white dial, which is protected by beveled glass.

Adjustable Chimes: Enjoy Westminster or Ave Maria chime movement with a strike on every hour. There's an optional 4/4 feature with 1/4, 1/2, and 3/4 chimes, along with volume control for custom sounds. At night, use the automatic nighttime volume reduction or nighttime chime shut-off option to make things quiet.

Quartz Movement: This wooden mantel clock features quartz movement and requires two C sized batteries.
