

This stunning and traditional wooden grandfather clock delivers all the best of Howard Miller's detailed craftsmanship.

**Careful Craftsmanship:** This beautiful antique-style clock is finished in Windsor Cherry on select hardwoods and veneers. This grandfather clock features a delicately curved swan neck pediment, which is crowned by a turned finial and decorative shell overlay.

**Detailed Design:** No detail was missed on this wooden grandfather clock. The polished brass-finished dial offers elaborate corner spandrels, a center disk with an astrological blue moon phase, and a silver chapter ring with applied brass Arabic numerals. The glass mirrored back highlights the polished brass-finished pendulum and the polished brass-finished weight shells. The door is framed by reeded columns with turned top and bottom caps, and the elegantly sculpted base features a decorative cut-out. Beveled glass gleams on the locking lower door.

**Extra Features:** This traditional clock features a high-precision, cable-driven, Westminster chime movement. Additionally, the clock is equipped with a chime silence option, an illuminated cabinet, and adjustable levelers under each corner.

**Custom Touch:** With the purchase of this clock, a free brass Heirloom nameplate will be engraved with your name and special date. Additionally, a free Heirloom Record Document with a brass-finished capsule is included.
