

The Schultz by Howard Miller is a memorable wooden grandfather clock with beautiful materials and custom design.

**Careful Craftsmanship:** This traditional clock is finished in Golden Oak on select hardwoods and veneers.

Featuring rare, book-matched olive ash burl and a raised shell and vine overlay which enhances the graceful bonnet pediment, this is a carefully crafted piece. Olive ash burl corner overlays frame the crystal-cut oval glass on the lower door, providing a striking view of the pendulum and weights.

**Detailed Design:** Howard Miller offers a detailed design with the Schultz clock. The polished brass-finished dial offers elaborate corner spandrels, a center disk, a silver chapter ring with applied brass Arabic numerals, and an astrological moon phase dial. The polished brass-finished pendulum includes a center disk that complements the dial and coordinates with the banded, polished brass weight shells.

**Extra Features:** This antique-style clock features a high-precision, cable-driven, triple-chime movement with your choice of Westminster, St. Michael, or Whittington chimes. Additionally, the clock is equipped with an automatic nighttime chime shut-off option, adjustable levelers, and an illuminated case.

**Custom Touch:** With purchase, a free brass Heirloom nameplate will be engraved with your name and special date. Additionally, a free Heirloom Record Document with a brass-finished capsule is included.

**Howard Miller:** Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
