

Furnish your space with the Ravenna clock table. It has a decorative metal base, antique dial, and glass top for functional elegance.

Sturdy and Stylish: This clock coffee table has a decorative base that's made from metal for sturdiness and a classic appearance. Its Burnished Umber finish complements any décor, while the glass tabletop provides a place to set drinks and other items. Beneath the tabletop sits an antique-inspired working clock dial.

Arabic Numerals: The oversized Arabic numerals on the aged dial are done in black, so they're easy to read. The hands and minute track are also black for a matching look. An antique medallion adorns the center of the dial, with gold highlights for an upscale touch.

Makes a Great Gift: Present this cocktail table as an anniversary gift or for a housewarming celebration. Its neutral tones and timeless design make it an ideal décor addition to any home.

Quartz Movement: This black clock table has quartz movement and requires one AA sized battery.
