

Large Wall Clock: When it comes to large wall clocks, this gallery pocket watch style clock is sure to be a head-turner. Measuring in at 32 inches in diameter, the pocket watch style clock features an aged red finish, giving it the appearance of having told time for centuries.

Antique Style: Designed to look like an antique wall clock, the dial on this piece has a distressed antique white background with aged and distressed black Roman numerals. The spade-shaped hour and minute hands are finished in aged black, completing the vintage look.

Pocket Watch Design: Unlike a traditional large wall clock, which is simply circular in style, this Howard Miller design features unique styling mimicking a classic pocket watch. Resting atop the clock's circular shape is a faux knurled knob. A separate seconds track at the "6" position helps to complete the pocket watch look. When placed in any room, this clock will become a design focal point.

Quartz Movement: More than simply decor, this clock features quartz, battery-operated movement and requires one AA sized battery (not included).

HOWARD MILLER: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
