

Decorate your living space with the Urban II Grandfather Clock. It has a streamlined silhouette and Espresso finish for contemporary style, and it plays Westminster chimes on the hour and every quarter-hour to enhance your day with pleasant sound.

**Hardwood Construction:** This distinctive grandfather clock is crafted from select hardwoods and veneers. It has an Espresso finish to coordinate with any decor, along with sleek, simple lines for a streamlined look.

**Elegant Details:** The white dial is surrounded by a nickel-finish bezel, and it has nickel-finish hour markers and hands for well-coordinated style. The nickel finish also appears on the pendulum and weights, as well as on the doorknob and base. The upper and lower doors feature beveled glass, while the sides have plain glass panels.

**Heirloom Quality:** This timepiece has a nickel heirloom nameplate that can be engraved with a name and date for a personal touch. There's also a nickel-finish capsule included, along with an Heirloom Record Document to ensure quality.

**Westminster Chimes:** Another classic feature of this clock is the cable-driven Westminster chimes. A full chime and strike play every hour, with chimes every quarter-hour. An automatic nighttime shutoff feature keeps the chimes from sounding at night.

**Howard Miller:** Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
