

The Howard Miller Trieste wooden grandfather clock is a classically styled piece.

**Careful Craftsmanship:** This wooden grandfather clock features a Hampton Cherry finish on select hardwoods and veneers heavily distressed with light and deep dents for an aged appearance.

**Detailed Design:** This highly detailed grandfather clock captures the style of Southern European traditions with multi-tiered, flat-top pediment canted corners and decorative dentil molding. The door of this traditional piece features an Acanthus overlay with a raised molding framing the door glass, flanked by columns with large reeds and intricately carved column caps.

**Antique Styling:** A brushed antique brass-finished bezel surrounds the soft cream dial. Black Roman numerals and serpentine hands complete the elegant dial paired with a brushed antique brass-finished lyre pendulum featuring a decorative antique gold-finished center disk. Additionally, the weight shells are finished in a matching brushed antique brass.

**Added features:** A high-precision triple-chime movement plays a choice of Westminster, St. Michael, or Whittington chimes. Additional features include an automatic nighttime chime shut-off option, adjustable levelers under each corner, and a locking door for added security.

**Customization:** With the purchase of this antique clock, a free brass Heirloom nameplate will be engraved with your name and special date.

**Howard Miller:** Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
