

The Langston wooden grandfather clock is a Howard Miller classic with an extraordinary focus on decorative detailed touches.

Careful Craftsmanship: This traditional clock is finished in Windsor Cherry on select hardwoods and veneers and offers a stately appeal. The graceful split pediment features a turned finial and a rare book-matched olive ash burl overlay with a decorative shell overlay in the center.

Detailed Design: Howard Miller offers a stunningly detailed design with this wooden grandfather clock. The polished brass-finished dial offers elaborate corner spandrels, a center disk, and a silver chapter ring with applied brass Arabic numerals. A lamp behind the dial illuminates the pierced astrological blue moon phase, for a delightful twinkling star effect. The lower door panel features book-matched olive ash burl overlays in the corners that frame the crystal cut v-grooved glass.

Extra Features: This antique-style piece features high-precision, cable-driven, Westminster chime movement with an automatic nighttime chime shut-off option. The clock also features adjustable levelers under each corner, removable glass upper side panels, and a locking door for added security.

Custom Touch: With purchase, a free brass Heirloom nameplate will be engraved with your name and special date. Additionally, a free Heirloom Record Document with a brass-finished capsule is included.

Howard Miller: Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
